

Monday 9th June – Friday 13th June 2025

We feel very lucky that we chose Tuesday and Wednesday for our sports days this week! Celebrating Sports day with the children is one of our favourite school days as everyone comes together to take part and cheer each other on. It was lovely to see how many families came along to support too, so thank you and we hope you enjoyed it as much as we did. Photos on the next pages! Also this week our Year 1 and Year 4 children have been busy doing their phonics and times-tables checks this week and we are so proud of how hard they have worked towards these. Also thank you to our wonderful teaching staff who have made sure that they were ready to try their best!

We hope you have a lovely weekend, Team Parson Street.

Spotlight on learning: Sports day KS1 & KS2

Key Stage 1 and 2 had a brilliant Sport Day where they demonstrated their sporting skills, as well as their sportsmanship towards each other. We are proud of the opal and ruby gem power they used when cheering each other on, and the grit power as they tried their best in the sporting challenges.

We certainly have some fast runners at Parson Street! It was also so wonderful to have Elijah Morrison, Bristol City player, and ex-Parson Street pupil to inspire and cheer children on!

Spotlight on learning: Sports day - EYFS

The sun shone for our EYFS sports day and the children enjoyed taking part in a range of sporting and athletic activities. We think the water transportation activity was a favourite, as well as the track sprint!

We also said thank you to Mrs Bennett for her 37th Sports day with us!

We were really pleased to welcome local author, Nick, into our school this week so he could talk to the children about his books. Nick, is one third of The3Engineers and he talked to the children about his books which have a focus on STEM/engineering and environmental issues. These books are called 'The Adventures of Scout' and some of our children purchased signed copies of them. Nick told the children that each book has taken an illustrator a full year to create and that the series contains over 2 million digital brushstrokes!
