

School Council Newsletter

September - December 2025

Welcome video

We made a video to show people how welcoming our school is and to tell them about the structure of our school day. We practiced our lines and filmed it. We hope that the video will encourage people to come to our school. We think you should give it a watch (if you haven't seen already!)

Clubs

We asked all pupils in our school about the clubs they would like to have in term 1 and 2 and beyond. Some of the clubs the teachers are now running are:

- Green Team (looking after our environment)
- bracelet making
- computing club
- drama (drama llama)
- dance

Pupil voice survey

We wanted to learn about how people felt in our school and what was good about it. We wanted to know what we could improve. We wrote the questionnaires, we asked pupils to complete them anonymously and then we tallied up their answers. This tallying took us AGES!! Below are the percentages we calculated from the surveys.
